Notes:

North River Resources Plc is an AIM listed emerging southern African focussed multi commodity resource development company. Its current portfolio includes gold and base metal assets in Namibia; uranium, copper and gold assets in Mozambique; and a historic early stage exploration project in Australia. North River's strategy is to identify, acquire and develop a portfolio of resource opportunities in sub-Saharan Africa at various stages of development in order to create value for its shareholders. The Company has a highly experienced board and management of industry and corporate professionals, led by David Steinepreis and Luke Bryan.
