1 November 2013

North River Resources plc ('North River' or 'the Company')
New Company Presentation

North River is pleased to announce that it has a new corporate presentation outlining the Company's growth strategy as it focusses on advancing its flagship Namib Lead Zinc Silver Mine in Namibia, where it is planning to recommence production from this brownfield asset in the near term. The presentation is available for download and can be found on the North River website www.northriverresources.com.
